What is a supported internship?

Project SEARCH, is a one-year internship programme specifically designed for students with special educational needs. This comprehensive initiative is a collaborative effort involving Asda, YMCA Key College, Direct Education Business Partnership, Derby City Council, and DFN Project SEARCH.

Interns engage in real-world experiences with the support of a job coach, a tutor, and a departmental mentor. Additionally, they participate in daily classroom sessions that emphasise employability and independent living skills, all conducted at ASDA, Langley Mill. This programme serves as an essential springboard for young individuals, facilitating their transition into adulthood and guiding them towards equitable, paid employment.

A typical day in the life of a supported intern...

Classroom learning focused on employability skills

Hands on work experience supported by a job coach.

Time to reflect on the day's activities with your team.
